## Dining

### **Inspired Italian**

Not likely we'd confuse the soft lighting, white linens, upscale finishes and gracious professional service at Davio's Northern Italian Steakhouse with our family dining room. But a quick read of the menu confirms this is not our mama's Italian with creations like Kobe beef meatballs, chicken parm spring rolls and goat cheese potato puffs. Chef Bennett Hollberg seamlessly blends steakhouse standards such as fine cuts of beef, veal, lamb, pork and seafood with Italian classics like Tagliatelle Bolognese and lobster risotto. The Atlanta native infuses the menus (lunch, dinner, children's and gluten-free) with Southern flair via artistic maneuvers like subbing sweet pickles for balsamic vinegar in caprese salad and adding candied peanuts to beet salad. The tasty cuisine lures us back again and again. —HSP
