

## PUCKETT'S GROCERY & RESTAURANT

Odds are you'll have to wait in line for a table at Puckett's Grocery & Restaurant, but it's worth the wait. Popular with tourists and locals, Puckett's serves breakfast, lunch and dinner with a focus on classic dishes like pancakes, omelets, burgers, shrimp po' boys, barbecue, catfish and Southern fried chicken. Founded in the 1950s as a country store, today it's more restaurant than grocery—though shelves stocked with staples outline the dining space—and also boasts a stage to showcase emerging talent. Roll up your sleeves to eat and don't worry about keeping your elbows off the table: This is a casual, friendly place that treats guests like family.
