### What's on Tap?

Thirsty? Head to Tap for a brew. With more than 35 beers on draft, plus more than 60 bottled beers, options abound. Stored in and served from an impressive 75-keg glass vault suspended over the bar, the beer selection showcases creations of small microbreweries across the U.S. alongside European offerings. With seating indoors and out, a great menu and a vibe that says weekend every day, it's no wonder this place is so popular. 1180 Peachtree St., 404-347-2220, [www.tapat1180.com](http://www.tapat1180.com). —HSP
